The Fatal Cinder

A giant can be disabled by a cinder in his eye. In tailoring, every little thing is a big thing. The mere swerve of a curve or the blotch of a notch may condemn a coat to utter commonness.

The designer of "HIGH-ART" Clothes is a master of tailoring trifles—a stickler for delicacies of cut and contour. Don't buy unclassified, plebeian clothes. There's pride and pleasure in owning a "HIGH-ART." It has the gentlemanly air.

Don't judge a clothier by what he promises in print—judge him by what he puts on your back. The crucial test of clothes is in front of the mirror.

We invite the severest probe, because we have the proofs ready-to-wear and eager-to-be judged.

NON-IRRITATING. EFFECTIVE. INEXPENSIVE.

YOU can't afford to let lice, ticks, fleas and mites eat your stock alive. Get a supply of KRESO DIP and follow directions. It will put an end to the parasites and give the stock a chance to thrive and put on flesh. Use it in barns, hog pens, chicken houses and dog kennels—any place where there are vermin.

KRESO DIP is a coal tar product. It mixes readily with water. It does not burn or irritate like carbolic acid. It does not blister or take the hair off like kerosene. It costs less and does more than any of these. You can't make a better investment than to buy some Kresol Dip to kill lice, ticks, mites and fleas and prevent disease by destroying the germs.

One gallon of KRESO DIP makes 60 to 75 gallons when mixed with water. Each lot is STANDARDIZED by the manufacturers, therefore always the same.

Mrs. S. W. Aston, of Lebanon, returned to her home on last Saturday and Mrs. Dinwiddie Kilgore, of Norton, returned Monday. They had been here at the bedside of their mother, Mrs. J. D. Alexander, who has been quite ill, but is now somewhat improved.

Bennie Angrist is spending the week in Bluefield, attending the ceremonies of the Passover, the annual Feast of the Passover or of Unleavened Bread. This, the oldest feast of the Jewish calendar, carries one back well nigh 3,000 years. The awakening of spring had its normal appeal and practical symbolism to the primitive people who originated the beautiful ceremonies attending the week's celebration of the Passover.

Colonel Rosser, of Richmond, who is visiting his daughter, Mrs. Arrington, at Witten's Mills, was greeting friends and old acquaintances here on Friday of last week. The charming manners and genial conversation of Colonel Rosser, so marked among the survivors of the "Old South," at once wins for him the esteem and affection of all with whom he chances to meet, and it is always a pleasure to his friends in Tazewell to have him visit here.

Since our last issue two of the Carroll county desperadoes, Claude Swanson and Friel Allen, have been captured and are now in the Roanoke jail. Sidna Allen, leader of the clan and the most desperate of them all, is still at large, as is also Wesley Edwards. Sidna Allen, is reported to have been shot at on Tuesday, but at such great distance that he escaped uninjured. Bloodhounds from the state farm are now at Hillsville and will be used to hunt down the fugitives.

Tazewell Lodge of Ancient Free and Accepted Masons are preparing to give the people of Tazewell a rare treat in the near future in the way of a lecture touching on Masonry. A committee is now arranging for an orator of note for the occasion, and are hopeful of securing Judge R. T. W. Duke, of Charlottesville, who is said to be without a peer in the state as a speaker. The exact time and place for the lecture have not yet been agreed upon, but will be made known later.

The rain for the last week has done considerable damage in this vicinity and section. Tazewell county has not suffered so much, but in the adjoining county of Bland the rain did much damage. The most damage, however, was in West Virginia, where the traffic on the Elkhorn division of the Norfolk & Western was seriously impeded, practically all the trains on that division being many hours late Tuesday and all the branch lines tied up. The coal companies naturally suffered, and most of them were at a stand still for two days. On the Clinch Valley, a slide near Honaker delayed No. 12 of Tuesday two hours.

Mothers' Meeting.

MOTHERHOOD.

"A partnership with God is Motherhood. What strength, what purity, what self-control; What love, what wisdom should belong to her Who helps God fashion an immortal soul!"

The Mothers' Meeting of the W. C. T. U. will be held at the home of Mrs. J. D. Harrison on Tuesday next at 3:30 in the afternoon. Each member of the union will have the privilege of inviting one mother to attend. The program for the meeting follows:

Vocal solo—Selected, Mrs. J. P. Harman.

Paper—"Street Dissipation"—Mrs. J. B. Boyer.

Vocal solo—Selected, Miss Trula Kiser.

The W. C. T. Devoe Takes Least Gallons: Always

Paint Devoe; it's the cheapest paint in the world; never mind the price; it may or may not be more. Less gallons will paint the house; and the paint will outwear anything.

Skip wear; you've got to wait, to find that out. It covers more; you haven't got to wait to find that out. It's the cheapest of all; no matter about the price.

M. A. Thomas, painter, Lynchburg, Va., writes: "The first job I did with your paint I estimated 37 gallons; had 12 gallons left. Since then I have used Devoe altogether and recommended it to all my customers. When I commence a job, I take up a card reading as follows: 'M. A. Thomas, contractor; Devoe Paint.' That's how. Sold by John E. Jackson.
